SVEIKI SULAUKE 75-jų SUKAKTI, . . .  
 On behalf of the entire 75th Anniversary Committee I welcome you to the celebration for our 75th Anniversary of parish community and existence. We have had a productive and very eventful year that has led up to this very special day.

Working for and with the people of Immaculate Conception is always very exciting because we draw from many vast resources and persons from which the parish, and its original Lithuanian traditions drew -- indeed, no matter how far you move away from Brighton Park it seems that people everywhere still love I.C.

Tonite you have been invited to our party -- to herald a great community, celebrate like you can't believe -- "Toot Our Horn!"

In the early days, this parish came to life in small ways and big ways. We got excited about celebrating anniversaries and events that honored someone or something. It brought back a lot of people we knew. Everyone pitched in and made it the best production ever. We should be singing "Amazing Grace" for its lasting fortitude. Poor cultural beginnings came to life -- they grew up -- went through much history.

Everyone benefits from such spectacular events as this 75th Anniversary. I thank you all, -- from our Pastor, Clergy, Sisters, and staff; to the Memorial Ad Book Coordinators, Subscribers and Contributors; to the many donors, and to every single committee volunteer and worker; to the beautiful guests here today.

But, most especially, Immaculate Conception thanks you! Continued Best Wishes for the best of everything in the years to come. My warmest regards to all of you. HAPPY ANNIVERSARY IMMACULATE CONCEPTION PARISH!!
